Easy Path to Good Math (Hvordan fatte matte)

Educational | Panta Forlag | 2017 | 288 pages

The book Easy Path to Good Math offers a revolutionary guide to the understanding of basic math. The book argues against the reigning myth postulating that memorization is the best way to master math. By instead focusing on the basic principles of math, you will be able to help your child achieve outstanding progress.

Children and youths often struggle with the math curriculum in elementary school, and this book explains why and how they face these learning problems. Also it shows how to solve these problems in the most efficient way. Even better: The parents need not be good at math to help their children improve their math skills.

Silence in the Age of Noise. The Joy of Shutting out the World (Stillhet i støyens tid. Gleden ved å stenge verden ute)

Essay | Kagge Forlag | 2016 | 144 pages

"Whenever I am unable to walk, climb or sail away from the world, I have learned to shut it out. Learning this took time". The author poses three questions: What is silence? Where can it be found? Why is it more important now than ever? A personal, charming and significant book on a topic that powerfully addresses our modern times. "Shutting out the world is not about turning your back on your surroundings, but rather the opposite: it is seeing the world more clearly, maintaining your direction and taking a stab at loving your life."

Morten Strøksnes

Shark Drunk. The Art of Catching a Large Shark from a Tiny Rubber Dinghy in a Big Ocean through Four Seasons (Havboka)

Travelogue | Forlaget Oktober | 2015 | 320 pages

A book about a mission, the famous Lofoten islands and the art of catching a shark from a tiny rubber dinghy. More than anything: It is a book about the ocean. With *Shark Drunk*, Morten Strøksnes has written a superbly enjoyable book, full of knowledge, enthusiasm and excitement. Strøksnes attempts to acquire the ocean's swaying language through uses of poetry, science, history, ecology, fiction, mythology - or the almost obsolete language older local fishermen still use to describe the sea. The result is a salty and entertaining book. Winner of the 2015 Brage Prize and of the 2015 Norwegian Critics' Prize.

Lars Mytting

Norwegian Wood (Hel ved. Alt om hogging, stabling, tørking - Og vedfyringens sjel)

Cultural History | Kagge Forlag AS | 2011 | 158 pages

Norwegian Wood is one of the greatest publishing successes in Scandinavia ever. In 15 months, over 200 000 copies were sold in Norway and Sweden. The book is a «practical-lyrical» guide on the use and lore of firewood, based on Norwegian traditions and our modern science on stoves and green energy. A partly rewritten and expanded manuscript, intended for the international reader, is available.
