

**PRODUCTION SUBSIDY
FOR PUBLICATION OF NORWEGIAN ILLUSTRATED NON-FICTION**

Foreign publishers, including publishers in the Nordic region, can apply for production subsidies for the publication of Norwegian non-fiction books containing a large number of illustrations or with exceptionally demanding technical production requirements. The publication must uphold the same production standard as the Norwegian publication. The publisher must **simultaneously** apply for a translation subsidy from NORLA, Norwegian Literature Abroad. Read more about NORLA's translation subsidies at www.norla.no

It is possible to apply for a production subsidy from NORLA for up to NOK 16,000.

The application deadlines for production subsidies are the same as for the translation subsidies for non-fiction:
1 February, 1 June and 1 October.

Applicant
