Anja Dahle Øverbye's graphic novel *Dog Days* won the Norwegian Comic of the Year award in 2016. It is an impressive debut book that has drawn inspiration from North-Western Norway where she grew up. Dog days are a phenomenon taking place in late summer. According to folklore, the dog days are extremely hot, muck floats up to the surface of water, food goes bad and dogs may more easily go mad. It is at this time of year we meet Anne, who is mid-way between childhood and adolescence. The intensely stifling, sultry weather that summer affects her relationships with both her friends and family.
