Everybody Counts is a seek-and-find book, a counting book, and a picture book about humanity. We are counting people, from 0 to 7,5 billion. All the people belong to groups, e.g. a family, a flea market or an airport. We start with a boy and his family, and all the groups are related to them. Many people appear in different groups and situations, and throughout the book numerous narratives are created. The book provides a playful view of the many connections and coincidences in our lives. Every single one of us has a unique story, but we are all part of the same group – the world.

Winner of the 2019 Nordic Council Children and Young People's Literature Prize, and Gold Award, Most Beautiful Books of the Year, Visuelt / Grafill..
White Ravens 2019. Also included in the dPICTUS platform's '100 Outstanding Picturebooks' selection, spring 2020
