Tomorrow is Arthur's 14th birthday, but he knows he will die during the night. He also knows that he will wake up in a new body, helpless as a new-born infant, but with all his memories and feelings intact. Arthur is one of the Children who have been granted eternal life, which is a miracle, and also a curse.

Unable to die and unable to grow up, he has lived through the history of the world in a child's body. But even that isn't sufficient to prepare him for what is about to happen

This is the first volume of a thriller trilogy about The Children.

Torbjørn Øverland Amundsen spends most of his time daydreaming in Oslo, where he works with something completely different from what he spent too many years studying. Bian Shen is his first book.
