Run!

Løp!

2006

Bendik and Maria are both nine years old and live next to each other. Bendik is good at football and Maria is a fast runner. The first day back at school after the holiday, Maria's dog disappears. Even though he's afraid of dogs, Bendik has to help look for it. Then Bendik's little brother has been taken captive by a gang of older boys. Bendik suddenly has to do some things he's never dared to do before. And Maria has to run faster than she's ever done.

Run! is the first book in a series about Bendik and Maria, and is a charming book for those who can read for themselves, and also for those who still like to be read to.
