The Three Billy Goats Gruff at the Water Park (2009) has been one of our greatest picture book successes in recent years, as a comical, adventure-fueled text with lively, vivid illustrations. Now comes the sequel, *The Three Billy Goats Gruff Return*.

It's been a while, and the billy goats Gruff are beginning to wonder what they should do during their summer break. The two smallest billy goats want to take a trip abroad, but the biggest billy goat tells them that it's too expensive. He wants them all to join him out to pasture, just like they did last time. Against their will, the two smallest billy goats join him, but there have been some big changes. The troll has gone and the mountain pasture offering the best waffles has closed. It becomes clear that the troll has gone into a retirement home and the billy goats decide to visit him there.

The Three Billy Goats Gruff Return is a wild, fantastic tale and a perfect sequel to the first book about the billy goats Gruff.
