Trond got what he wanted.

He grew up in a rural working-class environment in the 1970s and 1980s, his father a sawmill worker and card-carrying communist, his mother a nursing assistant who broke with her puritan Christian family. But Trond had higher ambitions. He studied at university, married the bourgeois Therese and eased into a middle-class life. He got just what he wanted – but now he has lost it. He has lost his job, divorced his wife, and he doesn't understand his daughters. He is at constant war with both his surroundings and himself.

Elegantly shifting between Trond's present and past, *A Worker's Heart* is a novel about the great social and political changes of the past decades. But it's also a story about the impact that these greater changes have on our most intimate relationships, about rage and desperation, about love and longing.

This is the first book of a two-volume work. The second book is scheduled for publication autumn 2025.

'Razor-sharp from Carl Frode Tiller. [...] Self-assertion, embarrassment, and longing for recognition: Hardly anyone depicts the complicated family life better than him.'

VG, 5/6 stars

'A sparkling mix of discontent and humor. [...] Conflicts and alienation are unearthed, it is both destructive and constructive, and it is in these frictions that Tiller creates his literary works of art. [...] Tiller has written a raw and entertaining novel that contains deep insights about the loss of meaning in life, and with a longing for unity that has disappeared. Uplifting nonetheless, because it is spiced with a finely ground portion of humor.'

Doubtless one of his generation's most important novelists, Carl Frode Tiller (b 1970) is admired for his instantly recognizable, furious prose and his ability to create vivid, complex characters. Tiller succeeds in portraying these tragic characters in a way that arouses the deepest sympathy in the reader.

In 2005 he was named one of the 10 best Norwegian writers under 35. In 2006, *The Slope* was named among the 25 most important Norwegian novels from the last 25 years in a prestigious contest in the daily Dagbladet. In 2018, LA Review of Books characterized his latest US publication *Encircling 2* as an "incomparable intellectual escarpade".

In addition to his novels, Tiller has written several plays, short stories and short prose for various magazines and newspapers.

*Under the Paving-Stones, the Beach!* is a novel about the discovery of a paving-stone shaped object which, when touched, allegedly creates the illusion of having lived an entire lifespan within seven minutes. Centered around a group of teens in late-nineties Stavanger, but containing numerous historical and geographical detours to places like The Soviet Union, Berlin, Warszawa, Akureyri, Shanghai and not least the island Tristan da Cunha in the sixties, and populated by everything from suburban youth on the hunt for the next industrial exhaust fan to warm up by in the evenings to Cold War spies with multiple sets of faltering loyalties, Zapatistas on a local level and pot wholesalers of dubious mental caliber, young people in love and amateur radio dads who are all widowers, old-school sailors and new-school sailors, Icelandic Eco-Terrorists, suicidal single moms and self-crossing clinical directors, some who are psychiatric patients and some who probably should've been, an adventurous meteorologist from Forus, Stavanger and an astrophysicist with an urgent need to explain himself about non-academical topics, and guest starring people like Andrej Tarkovsky and Erich Mielke, the novel explores the idea that time might never really have been on our side after all.

This is a large-scale story about waiting; for life to begin, for things to pass, waiting for the right one, waiting for death and waiting in vain. It is the novel about Ingmar, Jonatan and Peter. And Ebba.

**'A LITERARY MASTERPIECE. An homage to the world's raging realities and amazing opportunities.'**

VG

**'*Under the Paving-Stones, the Beach!* is a massive achievement from a man with an extra-ordinary knack for storytelling and an affinity both for horror movies, spy thrillers and cowboy classics. The best of the best in this enormous novel is the coming-of-age story set to Forus and Stavanger in the 90s, a heartfelt and at the same time carefree story of friendship, love and the youthful restlessness of waiting for something wonderful to happen.'**

Johan Harstad (b. 1979) offers a wholly original voice and is one of the most obvious talents published by Gyldendal for many years. He sees human fates in modern reality in a way that is both urgent and refined, offering a complete involvement and a particular sense of absurd humor. His characters often stand slightly to one side, at a distance to the major pulse of society. They are vulnerable, lonely, different.

Johan Harstad made his debut 21 years old, with a contribution to *Postboks 6860* in 2000, releasing his first collection of prose works, *From here on you just get older*, in 2001. In addition to his critically acclaimed novels, Harstad has also written four pieces for the theatre, collected in *BSIDES* published in 2008.

Marie has just become a mother for the first time. She lives in France, far away from her roots. When her áhkku – her mother's mother – dies, she travels alone home to Finnmark, Norway's northernmost county, to attend the funeral.

On her way back to her hometown, she decides to write áhkku's story. It quickly turns into a story about the women in her family, about how oppression has marked the lives of her great-grandmother, her grandmother, her mother and herself, and about how her Sami background has shaped her worldview.

*The Sami Problem* is an investigation into what it means to be a Sami, a woman, a mother, daughter and granddaughter. It is a powerful novel about Sami culture, language and identity, and a both furious and clear-eyed reckoning with oppression, discrimination and bigotry towards one of Europe's major indigenous peoples.

'Fearless and furious. Kathrine Nedrejord's new novel is a Sami indictment against the Norwegian majority society's oppression, invisibility, mockery, and racism [...] Marie Engmo's narrative voice is sometimes subdued, but just as often intense and furious [...] With this novel, Kathrine Nedrejord once again demonstrates her insistent will to analyze the difficult issues surrounding victim and perpetrator. She convinces, both in language and temperament.'

Dagbladet, 6/6 stars

'Powerful [...] Kathrine Nedrejord puts her finger on a wound and presses so hard that the reader becomes both horrified and wiser. Nedrejord is also a fearless author [...] The middle part stands out with a dazzling exposition of Sami identity'

Aftenposten

Kathrine Nedrejord (b.1987) is an author of both adult fiction, books for children/YA and theatre plays. She made her debut in 2010 with the novel *Transit*, which received glowing reviews. In 2019 her acclaimed novel *Transformation* was awarded the Havmann Prize. Its follow-up, *Criminal and Punishment*, was nominated for the Nordic Council Literature Prize 2023.

Her books for children and young adults have earned several nominations for prestigious literary awards, among them the IBBY Honor list and two-time nominated for the Ministry of Culture's Literary Prize. The German edition of the YA *Sara's Secret* was awarded Book of the Month. Nedrejord was recently the house dramatist at the National Theatre in Oslo. She lives in France.

"Kathrine Nedrejord is an author who never shies away, and there is a steadfastness, a fearlessness, and an intellectual power in Nedrejord that can bring to mind the novels of Dag Solstad. Kathrine Nedrejord crushes conventions in her writing, and with *The Sami Problem* she has written a novel that could stand as a modern classic."

One day, after twenty years of marriage, Svein stood in front of the microwave and declared he no longer had feelings for me. It was 2014, and he probably still thinks I never gave him enough love and that's why the relationship ended. More people probably believe his version than mine, too, but that's because his sphere of influence has been bigger: There's much more traffic at Autopartner than at the municipal office.

*Not People I Can Depend On* is about Linda Hansen, a mother of two and a municipal employee. It's a novel about realizing that your husband is chasing after Veronika Hagen, the only woman in the village with a modicum of glamor. It's a book about pride, shame — and a growing desire for revenge.

'[...] a novel worth the wait. With it, Kyrre Andreassen achieves the magical thing that literature can do at its best: It makes us who read it reflect upon our own lives.'

NRK

'There is something liberating to it when Andreassen breathes life into the little devil that reside within many of us.'

Vårt Land

'Bitter, furious and exceedingly funny novel from Kyrre Andreassen.'

Dagens Næringsliv

'[Andreassen's] characteristic style is just as energetic in this year's novel. With a wonderful, exuberant vocabulary, Andreassen gorges in the flaws of people and small-town communities. He takes the pulse of Norwegian everyday life with stylistic elegance.'

Kyrre Andreassen (b. 1971) debuted in 1997 with the short story collection *This Is Where You Have Your Friends*. Andreassen has an MA from the University of Oslo. His second book, *Barringer* (1999), was nominated for the Brage Prize (Brageprisen) for best novel. In 2006, his novel *Svendsen's Catering* earned him the Linguistic Society's Literature Prize (Språklig samlings litteraturpris), and in 2007, he received the Hunger Prize (Sultprisen) for his authorship. His novel *Furthermore, I Believe Carthage Must be Destroyed* (2016) was also nominated for the Brage Prize.

*In The House of Pantaloon* is a novel about the destructive power of shame and how the silence that follows in its wake can ripple through generations.

The novel is set in Oslo, over the course of a few months. We follow Eva and Cornelia in alternate chapters, as Eva is dealing with widowhood, and Cornelia with a broken relationship and single parenthood. Through chance, Eva and Cornelia's paths keep crossing. A tender and unexpected affinity develops between the two women, who at first seem to have little in common, and who find themselves in vastly different circumstances.

The story has a plot-driven narrative, with an existential nerve, slight satirical elements, and much warmth. By the end, the reader will realize how these two women's lives are intertwined through secrets of the past and "the sins of the fathers", with Henrik Ibsen's *Ghosts* as a hinted-at backdrop.

Hilde Rød-Larsen (b. 1974) made her literary debut in 2019 with the novel *Summer Time*, and in 2022 *Diamond nights* came out to critical acclaim in Norway, Denmark and Germany. In 2023 she was awarded the Bookseller's Author Stipend for her authorship. Hilde Rød-Larsen is also known as the Norwegian translator of authors such as Thomas Kørsgaard, Elizabeth Strout and Sally Rooney. *In the House of Pantaloon*, the first book in a planned trilogy, came out in 2024. Rød-Larsen has a Bachelor and a Master's Degree from The London School of Economics and lives in Oslo.

It will always be Johannes and Ingeborg. She is the fiery servant girl on the farm that he is set to inherit. But when his father dies, he lets his brother take over and finds a place of his own, a place just for the two of them.

The future seems secure; generations can follow as they always have. But nothing turns out as they envisioned. The farm is forcibly sold, and Ingeborg's darker sides begin to surface. Johannes must be the one to hold everything together. But why doesn't the child come? Why does he not have a son?

*My Time in These Woods* is a powerful, captivating, and richly woven life story. It is a novel about love and belonging, about children and lineage, and about who one becomes when everything has been taken away.

'This novel is about a full life. Just think of John Williams long-time unrecognized novel *Stoner*, or Robert Seethaler's lovely little novel *A Whole Life*, where the authors show us the big things in the little life. In my eyes, this is Gaute's best novel to date. The story of Johannes and Ingeborg is told with authority, with an eye for human vulnerability, but also for the wealth of life, that it is impossible not to be gripped by it.'

Mattis Øybø, Gaute Heivoll's Editor

'There are descriptions to make you gasp, sections of great beauty, descriptions to make you feel unwell and a level of tension which keeps the reader captivated from start to finish. Gaute Heivoll has delivered a monumental novel.'

For Freya, a 34-year-old bartender, life is all about checking. She checks, double-checks, and triple-checks if she remembered to lock all the doors, if the stove is off, if she left the tap on, or if her phone is accidentally calling someone right when she's talking about them. She checks herself for cancer and ticks. And she tries — but not without a certain degree of ambivalence — to check out men.

Because unfortunately for Freya, she is also burdened with hope — a cursed feeling that makes her strive for things beyond her reach. But what are you supposed to do when what you hope for is also what you fear the most? And how do you write a Tinder bio when you've never really even dared to be yourself?

You'll never look the same way at a peacock, fruit fly or human baby again after reading this book!

How clever is a jellyfish? Why can birds, lizards, and frogs be brilliantly coloured while mammals are grey or brown, and what is a red deer stag meant to do with his crown of antlers? And why are we humans exactly the way we are? Why do we find kittens so cute, why do we spend a third of our life sleeping, and why do we feel safer in the light than in the dark?

In this smart and entertaining popular science book about the similarities and differences between humans and animals, zoologist Petter Bøckman looks for answers in biology – and finds them among the animals that are both so closely and so distantly related to ourselves.

Petter Bøckman is a trained zoologist and works as a lecturer at the Natural History Museum in Oslo. He is well known from both radio and TV programs, where he answers all kinds of questions about animals and related topics. He has a beard and prefers instant coffee and works daily with giving lectures and with exhibitions. He is the author of the title *Animals like us*.

As a young, newly graduated doctor from Oslo, Ingvild Holtan-Hartwig applies for a residency at a GP office in Karasjok—a small, isolated village in northern Norway. This book is about her encounter with a community and a way of life completely different from what she used to. Life on the tundra is an abrupt transition from life in the big city. She shares stories of conversations with the sick and vulnerable, with next of kin and colleagues, and how these interactions shape her as a doctor. Gradually, she becomes familiar with all aspects of rural life—both the good and the bad. As an intern and eventually a GP, she faces all kinds of challenges: when do you decide to treat someone or not? Who decides when a life has been fully lived? What truly constitutes good healthcare? What does it really mean to do a good job and live a good life? *The Tundra Doctor* is a funny, poignant, and touching book about living life a little differently than initially planned—and about trying to be a good doctor.

Edvard Munch is not only celebrated as Norway's preeminent artist, he has also etched a permanent mark on global culture. *The Storm* chronicles the life of this prodigious artist who, after rattling Kristiania with his revolutionary artworks, made a dynamic entrance onto the European stage, emerging as a formidable force from the north. From the iconic "The Scream" to captivating pieces like "Madonna" and "Vampire", Munch did more than merely depict scenes; he rendered raw emotions on canvas. His life and oeuvre navigated through an era marked by monumental shifts in both global events and the artistic domain. To understand Munch's life is also to understand the tumultuous backdrop of his contemporary Europe.

*The Storm*, Vol. I (2023) was nominated for the 2023 Critics' Prize

'Ivo de Figueiredo's new Munch biography is an event [...]. I only put the manuscript down when I had to. [...] With flow, pace, and a sense of anecdotes, the biographer follows the chronically restless, increasingly alcoholic artist from city to city, from environment to environment, from room to room, from painting to painting. [...] Together, these ingredients guarantee a highly readable life portrayal. As soon as I finished 'The Storm' I started looking forward to the next volume.'

# Smell - The tale of a fading sense

## Lukt. Fortellingen om en falmet sans

Genre: Non-Fiction  
Category: Nature and Popular Science  
Publisher: Spartacus  
Year: 2024  
Pages: 366  
ISBN: 9788243015821  
English sample translation available

This book is a tribute to the free sense of smell in all its beauty and disgust.

The sense of smell is associated with the dark, the unruly, the erotic, the antisocial, the primitive—the very opposite of modernity and progress. When the senses fall into mutual imbalance and individual senses are suppressed or overwhelmed, we risk hallucinations taking over. We begin to invent our lives. This is unsettling in a time when the value of improvisation and the revelation of false information may prove more important than ever.

The book begins with an introduction to the significance of the sense and the adventurous diversity of odors, and continues as an olfactory historical journey through the earliest urban formations of antiquity, through the medieval plague epidemics and the industrial revolution, up to the present day. Along the way, we are introduced specifically to twenty smells that still play an important role in human life, from the smell of blood to the scent of flower meadows, farts, money, and garlic.

All illustrated with beautiful watercolors by visual artist Anette Rosenberg.

'Bjørn Berge offers us another treasure trove of insight and reflection. The text sharpens your senses and makes you appreciate the endless variety the world has to offer, which powerful forces are recklessly striving to flatten, homogenize, and standardize.'

Dagbladet, 6 out of 6 stars

'Although odours are everywhere and we perceive them constantly, we only have a very limited vocabulary to describe them. For this reason alone, it is absolutely necessary to bring a book about the sense of smell onto the market.'

Join us in the depths and get an insight into the wonderful life teeming below the surface of the sea, as well as the changes that are slowly happening there.

In *Rising Tides*, Even Moland conveys the most up-to-date knowledge about our seas and oceans. What role do the world's oceans play for life on this planet? How are the radical changes taking place in the ocean linked to the way we have exploited its resources? What are the most important threats to a healthy, abundant and well-functioning ocean?

The oceans are the planet's lungs, as well as a valuable source of food. Our ecological and climate crises mean that we have to readjust the way we use the oceans. Can we manage the transition from resource exploiter to attentive caretaker in time?

Even Moland, who is a diver and researcher, takes readers on a lively and knowledgeable journey below the surface of the ocean.

Once and for all: Which is best – town or country?

For as long as Are Kalvø has lived, people have been arguing about town and country. Other arguments get settled. But not this one.

The time has come to put this conflict behind us and channel our energies into solving the world's big problems instead.

Are Kalvø is ready to sacrifice himself for the cause. He'll spend one month in Norway's smallest municipality and another month in Europe's biggest city. Then he'll compare the two and establish once and for all: Which is best – town or country?

If that doesn't work, he'll try and build a bridge.

Are Kalvø is one of Norway's leading comedians and satire makers. He's been doing stand-up for over twenty-five years. He's also made musicals, revues, an opera, and written a dozen books about different themes such as religion, politics, football, vacationing, hiking and the meaning of life. This has given him a large audience, lots of praise, many prizes and a bit of scolding. His best-selling title, *The Hiking Book from Hell*, is translated to twelve languages.

# Stupidity, Idiocy and Stupid Idiots – A Philosophy of Idiocy

Dumhet, idioti og dumme idioter. Hvorfor du bør

Are we entering the golden age of stupidity? Will artificial intelligence make us think less? None of us are free from stupidity and idiocy, but there is help available.

Lars Fr. H. Svendsen is both witty and insightful as he dives into the history of philosophy, this time on stupidity and idiocy. What characterizes someone who thinks stupidly? And what does it mean for someone to behave like an idiot?

'Most of us overestimate how smart we are. Most people do not realize that they are like most people.'

The book is about both self-reflection and our own habits and perspectives. It makes the reader aware not only of others' stupidity but also of one's own tendency towards hasty conclusions, narrow-mindedness, and stubbornness.

And what happens when we fail to distinguish clear arguments from stupidity and idiocy?

'A brilliant study of stupidity and idiocy [...] The author, in the manner of good philosophers, calls for critical thinking and humility as a counterbalance to the certainty that characterizes stupidity and idiocy. [...] Exemplarily clear and remarkably easy to read. It is also quite entertaining; it is not without reason that human stupidity has provided material for satirists and humorists for years.'

# The Price of Freedom. My Father, Me, and the Dictator

Darya Shut grew up in a small town in the Soviet Union, but before she had started second grade, her country was called Belarus.

For a long time her life revolved around the small, green wooden house of her grandmother and grandfather. The extended family gathered there, where all important decisions were made. In the lush garden, her grandmother grew most of what she needed, for, as she used to say, "You can never fully trust the state." All of Darya's grandparents were marked by World War II and Stalin's persecutions.

When Darya's father ran as a parliamentary candidate in Belarus's first free election in 1990, he quickly found himself in opposition to a fellow candidate, Aliaksandr Lukashenko. After a dramatic election four years later, Lukashenko became president and tightened his grip on power, dashing hopes for democracy.

Darya grew up in a new dictatorship and noticed that teachers, neighbours, and friends began to view her and her family differently.

*The Price of Freedom* masterfully weaves together the story of the Shut family with the dramatic recent history of Belarus.

"When my father died, we asked the hospital director if we could borrow the hospital's assembly hall so that those who wanted to say goodbye to him could do so there. My father had worked at the hospital for nearly 40 years. The hospital director had little regard for my father, but he granted us permission to use the hall. He led me through the long corridors and opened the door to the room. In the middle of the wall hung a large portrait of the country's long-time dictator – Aliaksandr Lukashenko. Without saying a word, the hospital director walked over to the wall and took down the president's portrait."

(from the book)

Darya Shut (b. 1984) grew up in the small town of Lahojsk, near Minsk in Belarus. In 2005, she moved to Norway to study political science and has interned at NUPI and the UN. She now works as a senior adviser at IMDI (The Norwegian Directorate of Integration and Diversity). In 2020, she helped found the Belarusian Association in Norway – Razam. This is her first book.

*An Enemy of the People* is about Dr Stockmann, who discovers that the bathing water in the city's spa is contaminated with dangerous bacteria. He expects people to value his discovery and thinks it will help improve the city. Instead, his political enemies try to destroy him, attempting to silence him with threats. Dr Stockmann stands his ground and in the last act, he delivers one of Ibsen's most famous lines: "The strongest man in the world is he who stands most alone."

*An Enemy of the People* is a play that outraged people in its day, but that has gained fresh relevance in our own era. This is the first book in a new series for children about the works of Henrik Ibsen. With the aid of illustrations and simplified text suitable for younger readers, the series aims to introduce Ibsen's plays to new generations all over the world. Ibsen is the world's second-most performed playwright after Shakespeare. This series will give children an understanding of what Ibsen's texts are about and what they can teach us today.

I am Jakub, and this book is about me. Three things you need to know before you read on: 1) I don't believe in hell, which is lucky as fuck, bc I would 100% end up there. 2) I have absolutely no feelings for Simon, seriously. 3) That rumour about me is greatly exaggerated.

*I regret nothing* is about 15 year old Jakub, a second generation Polish immigrant living in Norway. Growing up in a strict Catholic household, he is more concerned with partying and hooking up with boys than preparing for his Confirmation and acting straight. But as he tries to be both a fun gay best friends to the popular girls, a charming (lowkey fuckable) dude to the guys he meets, and dealing with his family's expectations at the same time, his life is becoming more and more like the hell he refuses to believe in.
