Friendship, exile, love, war and art: Johan Harstad's breathtaking new epic has it all.

Max Hansen is sleepless in the Midwest. He is a theatre director on tour across the US. It's possible that he has turned into an American. He hasn't been home for over 20 years.

If it was up to him he would never have left the place he was born, a suburb to Stavanger on the west coast of Norway, where kids could make as much noise as they wanted while their fathers were working on the oil rigs in the North Sea, and where a heavy silence descended on the houses when they returned. But no one gets what they want.

*Max, Mischa and the Tet Offensive* is a novel about the applicability of Vietnamese guerilla warfare in everyday life, about those who have been to war and those who have demonstrated against them: about hyperrealist paintings of washing machines and girls who look like Shelley Duvall; about the sun out on Fire Island and a sought-after working copy of *Apocalypse Now*. But more than anything this is a novel about the question anyone who has ever left home sooner or later has to ask himself: How long do you have to be away before it becomes too late to go home?

'Open your eyes wide! This is a novel which aims high, overflowing with the joy of storytelling, sharp reflections and a deep knowledge of the human being (...) Brutally clever!'

VG (6 out of 6 stars)

'A gigantic novel about war, love, flight and art which takes your breath away (...) a hypnotical read.'

Dagbladet (6 out of 6 stars)

'Harstad's masterpiece (...) A truly great novel.'

*You say that it's a habit, living, being alive and that you, like others, find it a difficult one to break. You imagine that it will entail discomfort, uneasiness, as the breaking of habits tends to do. Like quitting smoking, you say. Or perhaps I am the one who says that, about smoking. Your face, tired, old, no longer says anything, a much older person resides in you, a tenant, someone who wanders around and wears down your features, pulls at them, a parasite who chews and digests your food and does not let you retain enough nourishment, who stingily tosses you leftovers, occupies more and more space until you just inhabit a secluded part of yourself, a tiny closet, a shed where nobody can be.*

Merethe has moved out into the countryside and taken her family with her. Here, in her office in the house behind the fields and the road, between bright days and sleepless nights, she writes the story about Mats, with whom she lives. It is the story of a great love that overshadows everything. About how it is to be so close to a person who does not always want to live. About fear, and about keeping it together, in spite of everything.

*From the Winter Archives* is a raw love story about helplessness, vitality and inherited unease.

'A brilliant love story (...) another step towards greatness by this singular and hypersensitive writer ... The reader is completely engrossed.'

Dagens Nyheter, Sweden

'Few authors can display the beauty and pain of life in such a raw and fine prose as Merethe Lindstrøm.'

Dagsavisen

'Lindstrøm's beautiful novel [is] a thought provoking portrait of a struggle to live, endure and survive.'

Svenska Dagbladet, Sweden

# Unquiet

## De urolige

Genre: Fiction  
Category: Novel  
Publisher: Oktober  
Year: 2015  
Pages: 411

The idea was to register the consequence of old age, because aging, he said, is hard work. He had retired from filmmaking, and had withdrawn to his beloved house at Hammars, surrounded by pine trees, lime-stone cliffs, and the Baltic Sea. He was her father and had rules for everything, especially for how they would spend time together. The book, when they talked about it, was named 'the project,' 'the register,' 'the work,' or simply 'the book'. It would be the two of them and a tape recorder. They would meet at exactly the same hour every morning. It would be manageable and controlled—no improvisations. She'd ask the questions, he'd answer. Planning the book and then changing the plans had its own charm.

Born out of wedlock and unnamed until she was two, she lived in a world of changing lights, images, faces, landscapes, and place-names. Her father was a director, her mother a beautiful actress, she was a skinny kid with big teeth and a knack for drawing maps and keepings lists, and who grew up to be a writer.

*The Register of Disquiet* is Linn Ullmann's most inventive novel yet, a solemn genre-bending meditation on growing up and growing old, on family, identity, biography, love, and art. It is a luminous take on forgetfulness, language, and grief — and about the many stories that make up a life.

**'... a lyrical tapestry of memories. Linn Ullmann's book is, despite the pain, both a declaration of love and a literary masterpiece.'**

Expressen (Sweden)

**'Mature and sharp, both in its observations and as literature ... This is absolutely her best book.'**

Sveriges Radio (Sweden)

**'One of Norway's leading authors writes wonderfully, almost magically, about her famous parents and her own upbringing.'**

The novel examines whether it is possible to understand love and what it does to us. A man tries to figure out how his marriage could break, when he and his wife loved each other so strongly. He's trying to comprehend what went wrong by investigating all the years they had together as if he were her.

**Nominated for the Norwegian Critics' Prize for Literature 2015**

**Also nominated for the Nordic Council Literature Prize 2016**  
Part of Jury's motivation: "Geir Gulliksen has as a poet, novelist, essayist and editor left his mark on Norwegian literature for decades. With his latest novels, he has been responsible for a consistent and original exploration of the living conditions in a contemporary Scandinavian social democracy, often with gender roles, family life and sexuality as a focal point. (...) The novel provides a rare and finely tuned portrait of the dynamics of a lasting relationship, of proximity, community and intimacy but also of a distance that is growing in the middle of safety and freedom."

"Gulliksen writes honestly and brilliantly, avoiding all common clichés."

Adressavisen

"The Story of a Marriage is the author at his very, very best."

Morgenbladet

"Agonising emotional truth. [Gulliksen] deserves recognition far beyond Scandinavia as the author of this intimately compelling novel"

Maria, a woman in her 113th year, lives in an old apartment in Barcelona. No one knows that she is Maria Nikolajevna Romanova, the last Russian Tsar's second youngest daughter.

In the autumn of 2012, she meets a Norwegian author who rents an apartment across the hall. Maria finally gets a chance to tell the story of the loss of her family, their grief and their dramatic escape from the Bolsheviks in 1918.

Before Tsar Nicholas the 2nd, his wife and five children were shot one night in July, 1918, they had endured months of captivity and humiliation. The family had thought of themselves as designated by God. They lived in boundless luxury, completely removed from the severe poverty of the Russian people. Their fall was excruciatingly painful, and in the end deadly.

Kari Fredrikke Brønne was born in Oslo, Norway in 1966. She studied art at art academies in Italy, Norway and New York, receiving the Andy Warhol Foundation for the Visual Arts Scholarship. She worked as a fine artist before her debut as a playwright in 2002. Her plays have been performed in theaters throughout Norway.

In 2007, she made her debut as a novelist with *A Different World*, for which she received Aschehoug's Debutant Prize. Her second novel, *Under the Deep Shadows*, has been sold for translation into several languages and has garnered excellent reviews in France, Germany, Austria and Canada.

Reluctantly, 16-year-old Knut goes on a trip to Canada with his mother Gunhild. The plan is to follow the footsteps of his great-grandfather who left his wife and six children in Norway, never to return. Knut has dropped out of school after a serious act of violence against his best mate. His mother's aim is to make this trip into turning point. Moreover, she also has an urge to get away. The journey takes them into the great Canadian wilderness where nothing turns out to be as they have planned or imagined.

*Have A Good Life* is an engaging drama about a complicated relationship between mother and son. This is an existential novel about belonging and separation, about finding your place in the world. «In the middle of the only ocean, in the darkest depths, in the strongest light, in the growing blue and living gap, the earth crust has torn and burst, rumbled and risen, throwing its innermost scorching hot upwards, outwards – forming an island.»

This is the beginning of the strange and deeply fascinating story about Carlo the dentist, who pulls out all his teeth and leaves a comfortable life in interwar Europe for a reclusive life on the deserted island Floreana in Galápagos archipelago. In his vanity, Carlo starts writing idyllic letters about his black and unfriendly paradise; letters that are found and published in magazines, far away in Europe.

It doesn't take long before Carlo has unwelcome visitors in the form of an adventurous couple, inspired by his letters, and social friction soon ensues on the little island. And as if these struggles were not enough, an eccentric baroness settles on the beach with her male harem. The struggle for existence is tough, and the island has a mindset of her own. She is a tough lady, watching her helpless and foolish guests, setting up traps. Death will soon accompany the inhabitants in mysterious ways.

In her fourth novel, inspired by real events, in the 1930s known as the Galápagos scandal, Ida Hegazi Høyer has created a society in miniature, vibrant with sensuality, conflict and mild humour.

'You're not scared to come out,' says the voice. 'After all that shit you have thrown at us, you can't be scared to come out.' The voice is so peaceful, whether it rises or falls as a living person would have done. He doesn't do anything to prevent being overheard. It strikes her that this is the first time he has said anything while outside the cabin door. It just confirms what she has known all along.

At the start of the seal-hunting season a sailboat leaves the quay at Tromsø. On board is a young, newly qualified vet on her first tour of inspection for The Fisheries Department. She is along with a crew of seal-catchers and hunters, and will be with them in the icy wilderness around Greenland for six weeks.

The narration in *To The Western Ice* is vigorous in every page, consistent in style and shocking and uncompromising in content.

Ann, Victor, Helene and Nicolai are four young friends. They like trying things out, but their exploits don't always turn out well. One of the things they should not have done was to lock a classmate in the cellar of a ruined factory beside the river, where there had once been a nasty accident. Soon after, two of the four youngsters are found dead, and the third has disappeared.

*A Fifth Season* is a psychological thriller which brings the reader close to both victims and perpetrators. It is a crime novel where the reader has the opportunity to follow the investigation of abduction and murder. What happened? Who is guilty?

A thought-provoking novel which throws light on how events we cannot control intrude to turn everyday life upside-down. What happens to us and to our relationships with our loved ones? We meet young people driven by lethal forces they don't understand. We meet a father who will do everything to find his daughter. We meet some of the faces of evil.

*A Fifth Season* is Torkil Damhaug's eighth novel. It is a sequel to his previous series of books, *Årstidkvartetten*, but it stands on its own and can be read independently of the others.

# Nowherelands. Lost Countries of the 19th and 20th Century

## Landene som forsvant. 1840 - 1970

Genre: Non-Fiction  
Category: Cultural History  
Publisher: Spartacus

This is a different kind of world history - told through stamps from countries that have been erased from the map.

More than 1000 countries have issued their own stamps during the past 175 years since the first "Penny Black" was introduced in England in 1840. Most of them no longer exist. Some of their names will bring back associations, such as Biafra and "famine" and Bhopal and "environmental disaster." Others, few of us will associate with anything, like Labuan, Tannu Tu-va and Fiume. These lost countries have fascinating stories to tell, whether they were short-lived like Eastern Karelia, which lasted only a few weeks during the winter war of 1922, or more tenacious such as the Orange Free State, a Boer Republic which celebrated 50 years as an independent state in the late 1800s.

The book presents fifty of these countries that collapsed. The range of countries reflects different aspects of world history during the 19th and 20th centuries, with their ideologies, imperialism, struggle for resources, immigration waves and major and trivial wars. As such, the stamps with their motifs and symbols must be considered as official self-presentations. They were quite precise expressions of the ruling authorities' desired self-image, positions and ambitions, whether revolutionary or colonial. Besides stamps, the book is based on eyewitness accounts, as well as later historical analyses.

Each vanished country is presented with detailed maps and stamps.

Lehman Brothers went bankrupt at 01.45 AM Monday 15 September 2008, the biggest bankruptcy in US' history, and the start of the global financial crisis. On Sunday night The Norwegian Petroleum Fund gathered its top people in Oslo. They worried something could happen to Lehman, and had hundreds of millions of dollars of Lehman exposure. During the night, when the markets opened in Asia, they completely turned their portfolio, getting rid of everything just before Lehman filed for bankruptcy.

During the financial crisis, the fund continued to buy stocks that were plummeting. They were one of very few buyers. When the market bounced back after 2009, they made billions. The fund today is extremely sceptical to US investment banks, and has come up with a number of counter measures towards so called high frequency traders in New York

How did it happen that ordinary Norwegian citizens ended up as the world's leading investor through the state owned Petroleum Fund? Together the people of Norway own approximately one per cent of the world's total share holding. Today the Petroleum Fund is worth 1000 billion USD.

Many nations have become immensely rich like Norway. But no other nation can show a similar method of administrating their wealth as this Norwegian model of "conscientious capitalism".

## Jakten på Thunder

Genre: Non-Fiction

Category: Reportage

Publisher: Vigmostad & Bjørke

Year: 2016

Pages: 323

English material available: Project Description, Sample Chapter Breakdown & List of Involved Countries

After reaching the Banzare bank in the Arctic Ocean, captain Peter Hammarstedt and the crew of his environmental campaigning ship «Bob Barker» embarked on a chase unlike any seen before.

By way of frequent flag changes, hidden ownership, false papers and helped along by antiquated regulations for stopping crime at sea, the trawler «Thunder» was able to continue its illegal fishing activity in ocean areas around Antarctica for more than 10 years making as much as £5 million a year.

In 2013, Interpol put out a notice for the ship internationally, but still it took the environmental organisation Sea Shepherd to finally pin down the poachers in a desolate ocean area around Antarctica. For four consecutive months, «Bob Barker» followed in the wake of the notorious poaching trawler «Thunder».

The hunt for «Thunder» has now been reported all over the world but the authors were the first to tell the story in a series of articles in the Norwegian newspaper Dagens Næringsliv. They followed the trail to the criminal kingpins in Spain, uncovered comprehensive fraud surrounding the ship's papers and exposed how the vessel was used for rampant criminal activity at sea.

«Thunder's» story isn't unique. In the Antarctic Ocean, the Atlantic, the Indian Ocean as well as the Pacific, tonnes of fish are caught illegally every day.

Illegal fishing is a crime without borders. This is the story of big money and powerful international crime syndicates.

Eskil Engdal (51) has worked as a feature journalist at the Norwegian broadsheet Dagens Næringsliv for more than 20 years. He has won the prestigious SKUP journalism award (2001), the International Reporter's Journalism Award (2012) and the «Golden Pen» (2013).

Kjetil Sæter (41) has worked as a journalist for the broadsheets Aftenposten, Finansavisen and Dagens Næringsliv, and still works as a feature journalist for the latter. He has won two SKUP diplomas (2007 and 2010), the SKUP award (2011) and the Schibsted Journalism Award (2008). Both authors currently work at Dagens Næringsliv's weekly magazine, Lørdagsmagasinet.

# Diary of a Carpenter

## En snekkers dagbok

Genre: Non-Fiction  
Category: Diary  
Publisher: Pelikanen forlag  
Year: 2015  
Pages: 220  
English sample translation available

*Diary of a Carpenter* is the story of a loft. Simple but brilliant. Following the moment from when the carpenter receives the first phone call asking to submit tenders, to when the attic is ready for occupation. It is heavy lifts, tiles in the fingers and blood, sweat and frustration. But the book is also full of joy and pride towards craftsmanship.

At the same time, this is a book about work and identity. It is a story told from the other side of consumerism, here we have the producers view on the customer.

It is also a story about the Norwegian society, and will therefore be an important contribution to the debate about manual labour.

'The book is just as solid as the craft that he describes.'

Dagbladet

'Thorstensen perfectly describes how a job at the home of a private customer looks from his perspective. (...) so rich in descriptions of all pleasures related to mastering a craft. (...) The result is a nice mix of sociology, philosophy – and not to mention ethics.'

The carpenter Ole Thorstensen (b. 1965) makes his debut as an author with a story about how he spends his days, a story about work and identity and a tribute to manual labour. Thorstensen is a trained carpenter, and has worked about 25 years in the construction industry.

# The History of Immortality

## Udødelighetens historie

Genre: Non-Fiction  
Category: Cultural History  
Publisher: Cappelen Damm  
Year: 2016  
Pages: 304  
English sample translation available

'Do you really want to live forever?' With this immortal lyric from the 1980's as soundtrack, religious historian Dag Øistein Endsjø goes in search of eternal life.

The dream of immortality is possibly as old as humanity itself. One of the few things we all have in common is the knowledge that we shall all die. The alternative appears as simple as it is unachievable. Is it possible to stop our bodies from changing and to preserve them for ever? What would happen if time lost its power over us? What really distinguishes Jesus' resurrection from the zombies who waken to life in "The Walking Dead"?

*The History of Immortality* will not give you the prescription for eternal life. Nor does it contain any irrefutable evidence that immortality is possible. What it does offer, however, is a wide-ranging, informative and entertaining account of humanity's engagement with life's most central question: What happens to us when we die, and what we might be able to do to avoid it?

Dag Øistein Endsjø (b. 1968) is Professor of Religious Studies at The University of Bergen. He researches religious topics, writes, takes part in social debate, and is an activist for human rights. His previous books have been sold to eleven countries.

# The Search for the Soul. A Cultural History

## Sjelens betydning. En kulturhistorie

Genre: Non-Fiction  
Category: Cultural History  
Publisher: Aschehoug  
Year: 2016  
Pages: 335  
English sample translation available

Throughout history, the soul has been regarded as the core of the human being and as an expression of the individual's personality. Most people also feel they have one, although it is hard to explain what the soul exactly is. This is the aim of this book. By following the stages of the fateful drama of the soul from antiquity to present day, the book examines what significance it still may have in the 21st century. The historical significance of the soul has, however, been contested since the age of Enlightenment, when the scientific explanation of the world prevailed. Consequently, some people claim that the soul is reduced to a religious concept and subject to belief, while others assert that it has been replaced by the psyche of modern psychology, something irrational and subject to therapy. But this reduced significance seems contradicted by the central position the soul holds as a motif in modern literature, from Dostoyevsky and Hamsun to Virginia Woolf and John M. Coetzee. This book tells the reader how the depiction of the soul in fictional literature and the conception of it in philosophy have formed the images and stories of the soul in Western culture that we still carry with us as a palimpsest that has been imprinted on our minds.

Since we live in a multicultural global age, the conception of the soul in Buddhism and the Islam of Arabic culture is also discussed. By this actualisation, the book demonstrates how one has to understand "the other ones", the strangers, in order to understand oneself – which is the final goal of this intellectually stimulating book.

'A CULTURAL HISTORY FOR PLEASURE AND BENEFIT Høystad is a learned scholar, and uses his knowledges to something that resembles enlightenment for the public (...) the reader gets a guided tour through history, showing how the soul has been conceived. (...) he also includes chapters on the conception of the soul in Buddhism and Islam. (...) it is a relieving pleasure when academics choose to spread their knowledge in such a smooth and easily understandable way.'

Dagbladet

# A Philosophy of Loneliness

## Ensomhetens filosofi

Genre: Non-Fiction  
Category: Philosophy  
Publisher: Universitetsforlaget  
Year: 2015  
Pages: 184  
English sample translation available

What *is* loneliness? This book investigates both the positive and the negative sides of loneliness.

Loneliness can be described as a social abstinence, a feeling of discomfort or pain which tells us our need to connect with others is not being satisfied. This is a universal human experience, described in film and music and in texts ranging from The Old Testament through to contemporary literature.

Are there aspects of modern society which encourage loneliness or is it more of a constant aspect of human existence? Is there such a thing as good loneliness and bad loneliness? If so, perhaps modernity's greatest problem with loneliness is not that there is too much of the bad, but rather too little of the good?

## C. En uautorisert biografi

Genre: Non-Fiction  
Category: Popular Science  
Publisher: Cappelen Damm  
Year: 2015  
Pages: 256  
English sample translation available

There are good reasons for writing this book with the simple title of *C*, which is the first and unauthorised biography of carbon, life's central element. Most of the life processes within and around us involve carbon in one form or another. Carbon in pure form can be both graphite in a pencil, and diamond. It is also the starting point for most of the synthetic materials which pervade modern life. However, the essence of Dag O. Hessen's story is the lifecycle of carbon, the important balance between photosynthesis and cellular respiration, between building and burning.

This book gives us the basis we need for that understanding. It is an informal, well-informed book written with strong personal commitment by one of Norway's best presenters of research and science.

'Hessen's compelling contribution to knowledge will probably be decisive, inspiring increased responsibility.'

BIOLOG

'The literary technique is distinctly original. ... Dag O. Hessen succeeds in creating a piece of accessible literature on the border between science and politics.'

Klassekampen

Dag O. Hessen is a Professor of Biology at the University of Oslo. He has written many scientific works on themes like ecology and evolution. He has also published ten popular science books about evolution, biology and the environment. His work is found at the crossroads of biology and philosophy. # The Art of Acting

## Skuespillerkunsten

Genre: Non-Fiction  
Category: Textbook  
Publisher: Universitetsforlaget  
Year: 2015  
Pages: 352  
English sample translation available

How are roles and characters created for television drama, in film or the theatre? What does an actor need to know to stand on stage for the world to see? And is this the same today as it has always been?

This textbook is the first complete introduction to the art of acting ever written. Here we meet shamans from the Stone Age, orators from Antiquity, jugglers and buffoons from the Renaissance, film stars from the interwar period, performance artists from the 1960s and reality show contestants from our times. All of this in an attempt to determine the kind of discipline this is and what constitutes the art form that is acting.

*The Art of Acting* guides the reader through the history and methods, traditions and innovators of the art of acting. The book defines the most important forms, schools and disciplines within the field and illustrates points of convergence between the art of acting and other fields, such as the visual arts, rhetoric, psychology and anthropology.

'Stene writes with inspiration, insight and clarity.'

Norsk teater og Shakespearetidsskrift

'Stene opens up an exciting landscape in which it has become more demanding and extremely interesting to be an acting student, an actor, director or spectator.'

Morgenbladet

'Stene makes visible a historical development without heavy and mechanical academic categorizations.'

Publisher: Aschehoug

Pages: 144

Gabriel Moro has interviewed ten world renowned authors and asked each of them who their favorite comic character is. Learning that Karl Ove Knausgård has Lucky Luke as his favorite, is perhaps not so surprising, either that Siri Hustvedt admires Wonder Woman, but what about Dave Eggers as Fred Flintstone or Miranda July as Donald Duck?

Gabriel Moro slowly transforms the authors into their favorite characters in these ten comic interviews. The unpretentious approach makes them open up, and the interviews commute between serious reflections over authorship and literature, and more humorous and trivial talks about the authors writing routines and everyday life. Meet Siri Hustvedt, Junot Díaz, Joyce Carol Oates, Dave Eggers, Miranda July, George Saunders, Etgar Keret, Karl Ove Knausgård, Jonathan Safran Foer and J.M. Coetzee.

Illustrated by the author.

Gabriel M. V. Moro (b. 1981) is a writer, literary critic and editor. He debuted in 2003 with a non-fiction book about Ludwig Wittgenstein, followed by two critically acclaimed novels, one of which has been translated into Italian. He regularly writes book reviews for the daily newspaper VG and is currently the Editor-in-chief of the award winning literary magazine Bokvennen.

Bendik used to live in New York, a city that has everything! People used to break dance in the streets, there were zigzag-shaped fire escapes and there were parks, statues, bridges and Broadway shows – there was an amazing wealth of life and activity. But now Bendik has moved. To a drab suburb.

Ulla has lived here all her life. She finds it restricted and grey and flat and square. Even the playground is a square box. Where's the fun in that? She remembers how it used to be: There used to be birds in the trees and fish in the lake. Small places, big places, secret places. There were always things to do.

Ulla meets Bendik in the playground. None of them can fathom why this place is so dull. So they decide to do something about it. In Åshild Kanstad Johnsen's universe "minor beings" are given the power to accomplish great deeds. A small piece of wood creates its own museum, and in *Ulla and Bendik Build a Town* a couple of children are allowed to voice their thoughts on how an ideal town ought to be. And what a town it turns out to be!

'A gift for reading children ... Once again she displays her unique talent.'

# The Girl in the Mirror

## Jenta i speilet

Genre: Children and young adults  
Category: Young adult novel  
Publisher: Omnipax  
Year: 2015  
Pages: 165

Truls is an ordinary 14 year old boy with a best friend, a fat dog and a lame big brother. But one morning Truls wakes up and has become a girl! Yes, exactly. A very sweet girl, even. It's hard to believe, but in this book it happens! And what do you do, then? It's really a lot to figure out. It causes complications and embarrassing situations, a frantic search for a magic wishing powder - and an exciting insight into girls' lives.

The transformation is set in context of an experiment the night before, when Truls and his best friend FX tested a wishing powder FX had ordered online. Something must have gone wrong, and Truls and FX have to search for the company that sold the wishing powder, to make a second wish. However, it takes several days with many entanglements and new experiences for our young hero/heroine, who eventually finds out that being a girl also has positive aspects. Does she really want to be Truls again?

*The Girl in The Mirror* is an original and humorous novel about gender, identity and the necessity of footnotes.

A second story about the extraordinary life of Truls is to be published later in 2016.

Nominated for The Norwegian Ministry of Culture's Literary Prize for best children's and young adult book 2015.

# It's Only Love

## Det er bare kjærlighet

Genre: Children and young adults  
Category: Young adult novel  
Publisher: Gyldendal  
Year: 2016  
Pages: 128

Jonathan has just started middle school. He lives with his mother and his bully of a brother, Trym. Jonathan's best friend, Jesper, has long legs, a short body, a round belly and a master plan to get together with Sunniva – a plan that unfortunately involves Jonathan, as well as Sunniva's friend, Liva.

So what do you do when you start dating the wrong girl just to be loyal to your best friend? When you actually are in love with Alina – the girl who is so pretty that she once starred in a commercial for handbags.

Sverre Henmo has an almost unsurpassed ability to be present, as well as a keen sense of detail and emotional transitions. Falling in love is not just an empty phrase in Henmo's writing – it becomes something genuine. In *It's Only Love* he writes beautifully, soberly and superbly about when friendship and love get in a clinch.

'A finely tuned and quiet novel ... Each sentence is relevant, the metaphors are striking.'  
(5 out of 6 stars)

BOK

'Henmo writes about things that young people can relate to, and uses protagonists that both boys and girls can identify with.'

Vårt Land

'To portray teenage life the way it feels when you're living it, not in hindsight, is a great quality in a young adult novel. And that is exactly what Henmo does so well.'

"It is the year 1204 in Medieval Norway, and the country is ravaged by civil war. King Haakon Sverresson and the church's men are in conflict over who should hold power. Those loyal to the king are called Birkebeiners, whilst the men supporting the bishops and the priests are called Baglers. When the king last visited Viken, he met Inga, a young woman from Varteig near Borg. She became with child and gave birth to a boy in secret. The king later found out that he has an heir to the throne. Two Birkebeiners, Torstein and Skjervald, are entrusted with the mission of finding Inga and the king's son. It seems an easy mission. They are to escort Inga and her son Haakon up north. But then the Baglers find out about the child..."

# Astrid Lindgren

## Astrid Lindgren

Genre: Children and young adults  
Category: Biography  
Publisher: Cappelen Damm  
Year: 2015  
Pages: 112  
English sample translation available

This book about Astrid Lindgren is an inspired illustrated biography that provides children with knowledge about the person, author, editor and dedicated contributor to the community that was Astrid Lindgren. Through stories, quotes, facts and magical illustrations, we become familiar with Astrid Lindgren – one of the world's greatest children's authors.

The book follows a classic chronological development from Astrid's happy childhood in Vimmerby to her old age in Stockholm. Within each of these epochs, the book explores important, exciting and humorous episodes in Astrid's life and work. We hear about her love of nature, her lifelong joy of playing and climbing trees, reading and writing, and fighting for children's and animal rights. But we also hear about her life's many dark moments – her life as a young and impoverished single mother, her longing for love, and – as she so often expressed it – the experience of “how difficult it can be to be human”.

This biography is a unique starting point for inspiring new generations to read Astrid Lindgren's books.

Illustrated by Lisa Aisato.

Winner of the award Sørlandets litteraturpris 2016 (non-fiction).

'... a rock-solid and beautifully illustrated biography for children. (...) The tightly written and inspired text and the fine art illustrations together capture the tone of Lindgren's life and universe and make the biography of the year a pure joy.'

Dagbladet

'... a precious pearl which should be appreciated far beyond the bounds of Norway.'
