*The heavens will weep blood* is a one-of-a-kind thriller journey.

Even Stubberud is a soldier in the Special Forces. But now he has fallen sick with cancer. Before he leaves the force he takes on one last mission: A simple escort of a terrorist to Somalia. The plane from Oslo is hijacked, and the terrorist is set free. The only one who can save the 245 passengers from certain death is an unarmed man, sick with cancer, with no knowledge about planes.

Sigbjørn Mostue has written a fast paced story that also touches our hearts. At times you might have to loose it all to win what is most important.
