John Jensen is finally back after 10 years! This time around every child's favourite Tax Advisor is going to Bergen on a conference. A town full of Bergeners. To get there he has to travel on the night train. He will have to sleep on a train with people he doesn't know, pass through unfamiliar places and go through dark tunnels.

The challenges are quickly piling up for our anxious crocodile friend. The first three books about John Jensen have turned into modern classics in Norway. We are happy and proud to have him back.

Illustrated by Torill Kove.

'(...) if you like the crocodile who works as a Tax Advisor and battles with issues we all recognize; you won't let him go so easily (...) the illustrations contribute to creating the harmonious atmosphere that characterizes these books.
