Follow Liv and Iggy's marvelous time travel through the history of life. You'll meet dreadful dinosaurs, giant dragonflies, enormous scorpions, huge sea monsters and loads of other scary and strange creatures. Entangled in this story is the amazing evolution of humans – from bacteria to you. Did you know that you descend from a tiny little animal that looks like a boggy? Or a strange looking fish? Have you ever reflected why you are you and that it's an unbroken chain from life's origin to you? Along the way things could have gone wrong - because life is dangerous!

Illustrated by Sigbjørn Lilleeng.

'A tremendous journey through evolution. [...] exemplary imparting of knowledge for young as well as for adult readers. [...] While reading, I'm struck by how little I know, and how much I learn. A perfect book to read aloud [...] the illustrations are so rich and entertaining in themselves that the book can be read over and over again. I believe, and hope, that it will evoke the love of reading and drawing in many children. [...] imparting of knowledge of international standard'

Aftenposten

'On the surface it's about dinosaurs and lizards, but on the other hand, the subtext is about learning and motivation. The book is almost as much about the teaching method as what you learn.'
